Dear Customer,

Congratulations! You are now the proud owner of Sunflame Iron. Innovatively designed, using only the highest quality material and components, your Sunflame Iron is designed for years of trouble free performance. Please read this Instruction Manual carefully before using and keep it safe for future reference.

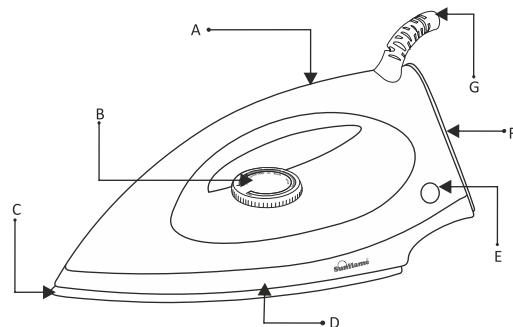

HOW TO USE THE APPLIANCE

1. Set the appropriate ironing temperature indicated in the ironing instructions or in the fabric table by means of temperature control dial.
2. Turn the temperature control dial to the 'MIN' position, ensure the iron is placed vertically on the smooth and stable place. Now insert the mains plug into the socket and switch on. Set the temperature control to 1, 2 or 3. Indicator light will start to glow.
3. After about 1.5 to 3 minutes, the iron will be ready to use once the indicator light has switched off.
4. Now the iron is ready for ironing.
5. After ironing is complete, turn the temperature control dial to 'MIN' position, pull the mains plug out of the socket.

- A. Handle for comfortable grip
- B. Automatic temperature control
- C. Non-stick coated soleplate
- D. Specially designed for button grooves
- E. Power indicator
- F. Heal rest
- G. 360° Swivel cord

IMPORTANT SAFE GUARDS

For Optimal safety first read these instructions before use.

1. Read all instructions carefully, even if you are familiar with the appliance.
2. Check if the voltage rating on the rating label corresponds to the mains supply of your house.
3. Remove any sticker or protective foil from the soleplate and clean it with a soft cloth.
4. To protect against risk of electric shock, do not immerse the appliance, cord or plug in water or other liquid.
5. Close supervision is necessary when iron is used near children. Never leave an appliance unattended when in use.
6. If the supply cord is damaged, it must be replaced by the manufacturer or its service agent in order to avoid hazard.
7. Do not let the cord touch the hot surface of the iron.
8. Never carry the appliance by the cord or yank it to disconnect it from the outlet; instead grasp the plug and pull to disconnect.
9. After the iron is cooled completely, wind the cord around the cord storage wrap on the heel of the iron. Do not wind too tightly as this can damage the cord.
10. This product is intended for household use only.
11. Do not attempt to repair the appliance yourself instead, take it to sunflame owned or Authorized Service Centre for repairs.
12. Save these instructions carefully.
